

John A. Sutter Chapter #1841

Reference the Monthly Board Meeting of 03JUN13

Brother Stinky,

Your "absence" from the 03JUN13 Chapter 1841 board meeting was excused, and, in light of the seriousness of the responsibility of your board position which you demonstrated by preparing and dispatching a written document for the minutes, we, the other members of the board of Chapter 1841, commend you.

Excerpt of the Hangman Report included below...

Furthermore, we, the other members of the board of Chapter 1841, want to thank you for also sending "chapter" buttons from Grand Council for those members of the board that wanted one.

Lastly, we, the other members of the board of Chapter 1841 that were present, want to thank you for the \$20 for refreshments, most of which was spent on refreshments, which, when they arrived, there was a raising of the refreshment containers and a hearty THANK YOU STINKY... SATISFACTORY! The remainder of the refreshment money was given to the bar maid.

Well Done Stinky
MOST SATISFACTORY!

PS: in fact, some members of the board of Chapter 1841 suggest that you continue to be absent from board meetings and just send your report and \$20 for refreshments, and, especially the \$20 for refreshments.

Excerpt from the 03JUN13 Chapter 1841 Board Meeting Minutes:

Hangman Report: Kevin "Stinky" Jenkins reported in by mail. He would like ideas for PCB stages and suggest that the person sponsoring the stage should "White Coat" that stage. Also he is still working on Plaquing projects (James Rudder). He would also like funding for cleaning supplies to maintain existing plaques. Stinky sent the Hangman's report indicating he would continue on the James Rutter plaque lead, and start on a plaque project to be completed at the charter doins; he also requested each board member begin research on their own plawue idea; he also wants to begin a plaque maintenance program and needs volunteers (he also requested money for plaque maintenance supplies), and, he requested board meetings occasionally on Thursday in order he could attend. A motion was made to fund cleaning supplies, then retracted until it can be determined what supplies are needed. Stinky's letter was also accompanied with some "chapter" buttons from Grand Council and \$20 for refreshments for the board.

KNUCKLEHEADS FOREVER!
