
4TH ANNUAL LOCKE WORK PARTY AND GENTLEMEN'S INITIATION

Saturday **April 27th** on the shores of the Sacramento River at Locke CA.

designated a National Historic Landmark in 1990.

This beautification project to tidy up a quaint Delta town drenched in history will be hosted by **Johann A. Sutter Chapter #1841, Tuleburgh Chapter #69, and Pio Pico #1801** Outpost of Major William Downie #1849

ALL PBC's must bring their own gardening tools, with hats, gloves, drinking water and sunscreen strongly suggested. **Redshirts of "working age" should load up their mules with additional gardening tools:** self-powered trimmers, edgers, gas lawnmowers, work gloves, rakes, brooms, wheelbarrows, loppers and other pruning tools.

Guests may also avail themselves of the widely known bar and steakhouse **AL THE WOPS** on Main Street. This is a **PUBLIC event**, so accessorize accordingly.

This work party starts at 8am sharp and all **PBC's must be turned into** the three impatient **Hangmen by 8:01am** without exception, with WORK PARTY assignments to be provided immediately thereafter.

Survivors of the harrowing, wheel-barrowing gentlemen's initiation will be raked into a pile and **provided with three official sheepskins** as proof of their dubious accomplishment. We will be dedicating a **joint Plaque** which will be **honoring the "BOK BOK MAN"** after HOCO
